of the Cameron fire department, this morning, who asked him to state that owing to the fact that a number of the fire departments of the State that would be likely to participate in the celebration planned for the Fourth of July at this place had made arrangements prior to the announcement for other festivities, the date had been changed to June 28 instead of July 4.

Racing teams from all over the State are invited. Ample arrangements will be made for the accommodation for all who come. The regulations governing this celebration will be the same as announced recently. Any one desiring further information will be gladly furnished by addressing the secretary.
